

## CONTRACT FOR PRE-PLACEMENT STUDY

I am contracting with Adoptions Plus for a pre-placement study and understand the following:

A pre-placement study is a process in which I will actively participate to explore my parenting abilities and resources for the types of children that are in need of homes. By contracting for a pre-placement study, I will not automatically be approved as an adoptive parent.

Adoptions Plus or I can stop the study process at any time. If Adoptions Plus decides to stop the process, I will receive a written explanation and recommendations.

I agree to participate in adoptive parent education, training and/or counseling as needed to help me make the best choices for myself, my family and the child I may adopt, and to fully understand the issues involved in adoptive parenting.

Adoptions Plus may disclose the information they received from me and about me during or pre-placement study, and the final study itself, to agencies and individuals who may be involved in my adoption process. This may include, but is not limited to: NM Children Youth and Family Department, the Interstate Compact for the Placement of Children, Immigration and Naturalization Service, other child placement agencies, courts, attorneys, and judges. Non-identifying information may be given to other adoptive families who need information about the adoption process and biological families considering placing a child with me for adoption.

I understand that a copy of my homestudy may not be released to me, with some exceptions. All information and paperwork provided to Adoptions Plus in the process of the study becomes the property of Adoptions Plus. I am entitled and encouraged to make and keep copies of paperwork before giving it to Adoptions Plus.

The cost of the pre-placement study is paid at the beginning of the study and is not reimbursable regardless of the outcome of the study.

I certify that the information I give, written or verbally, will be true and correct to the best of my knowledge. If any of the information is determined to be willfully incorrectly stated, I acknowledge that Adoptions Plus has the right to stop services.
